

STRIKE Schools

At STRIKE, we believe in producing more than just bowling champions. STRIKE Academy has developed a proprietary Life Skills programme that is infused into our Bowling programme to ensure that character skills are “caught” and not “taught”. STRIKE Academy’s bowling programme can also be offered as a “ready-made” solution to implement MOE’s Social Emotional Learning in the form of a bowling CCA.Enrichment ProgrammesSpecially designed for the hearts of the masses, our STRIKE Enrich programme is geared towards bowling exposure through fun. Participants can expect to experience the different elements that make up the entire sport. They will learn about basic techniques, interesting facts of the game and how to calculate scores and more. Participants of our Enrich classes will walk away with a different perception of the sport, and a fun, interactive and engaging time in the programme.

Geared towards exposure and to nurture interest in the sport, Enrich programmes can be customised for each individual group, depending on the objectives of the programme. They can range from two to ten sessions, with 2 hours per session. Co-Curricular ActivitiesSpecially designed to be integrated into the schools curriculum, our STRIKE Schools programme is crafted to allow students to have a holistic experience in a fun-loving environment. Besides developing their bowling skills, students will be involved in interactive and fun activities which will provide the opportunity for them to learn through experience. Sports Education ProgrammeSTRIKE has programmes endorsed under the Sports Education Programme (SEP) for this year. Under the SEP initiative, schools which take up the programme are provided 50% funding from the Singapore Sports Council, up to a maximum of \$10,000.00 per calender year.For more information on SEP, please visit their website at <http://sep.ssc.gov.sg>. FIND OUT HOW STRIKE ACADEMY CAN HELP YOUR SCHOOLIf your school is interested in being part of our successful STRIKE Schools programme, please contact us at Tel: 6464-6818 or email fun@strikeacademy.com and we will work with you to help your school achieve top strikes in bowling!
